*A ministry of Elwood Bible Baptist Church*

Dear Pastor,

I first met Pastor Terry Coomer in 1991 when I was on deputation to be a missionary to the Philippines. My visit with the Coomers and the church they were planting was refreshing. Each member of the family was centered on loving the Lord daily and serving Him. At that point the Elwood Bible Baptist Church was still in the infancy stage, yet impressed me as a solid and growing work.

Fourteen years later the Coomers' consistent stand and training has born much fruit for Christ. Pastor Coomer and his wife, Kim, still faithfully and effectively minister together and win souls. Their daughters, Teresa and Jennifer, have matured into virtuous women with strong convictions and a stable Christian life. Teresa married a God-fearing preacher man. I believe that God has blessed Pastor Coomer for never deviating from Scripture in both preaching and application.

Not only has God used Pastor Coomer to reach souls and families in Elwood, Indiana, but also across America (and in other nations). In a day where the dysfunctional family is the norm, the literature and web site of *For the Love of the Family Ministries* is very helpful in getting families on the right path to both knowing God and basing their families on His Word.

I whole-heartedly applaud Pastor Coomer's decision to dedicate more time to assist other fundamental pastors through the ministry of *For the Love of the Family*. God has called many godly evangelists to help our churches in reaching and reviving souls for Christ. Now He has also burdened Pastor Coomer to help Christians to center their families on God's Word.

As a missionary who has received much godly instruction from Pastor Coomer, I would like to urge you to check out the [fortheloveofthefamily.com](http://fortheloveofthefamily.com) web site and pray about scheduling Pastor Coomer for a meeting. I truly believe that God will use him to assist you in your labor of discipling the families in your congregation.

Joyfully Serving Christ,

Daniel Charles Tessin, Jr.
