To whom it may concern,

In 2013 I have had the privilege of having Dr. Terry Coomer preach in the church I pastored for 22 years. He was very effective in his ministry to our church and helped our families. Dr. Coomer's burden for helping God's people in *Love for the Family* by counseling, preaching, teaching, and writing makes him a man in demand.

He not only has a worldwide ministry on the web, but an effective ministry in writing, all while pastoring the church he planted in Sherwood, Arkansas. As you can imagine, when you help people, your church grows as folks apply biblical truths. I had the privilege of preaching to his church in November, 2013. We have become close friends.

Select one of his resources. Invite him to come to your church. Join his mailing list. You will not be disappointed.
