“Reaching the World, One Soul at a Time”

Dear Pastor,

Greetings in the name of the Lord. This letter is written in recommendation of For the Love of the Family Ministry. As I have had the privilege of pastoring these past years, it has not taken me long to learn of the great Satanic attack on the home. The Devil hates the home and has done everything in his might to destroy the home since creation and the Garden of Eden.

Pastor Terry Coomer and his precious wife Kim have been a tremendous blessing to our church. Pastor Coomer has preached for us on several occasions and has taught for us at our annual couple’s retreat. I can truly say that there have been positive lasting affects from these meetings.

Pastor Coomer takes the Word of God and applicably applies it to the great needs of the home. Pastor Coomer is a gifted teacher of the Bible and truly has a heart for this ministry.

Not only is the teaching real and affective, but it is lived in his and his family’s life as well. My wife and I have spent time with Pastor Coomer and his family, and the message is lived ‘in deed and in truth.’

With the home and the family under attack as it is today, it is mandatory that God’s people understand their God ordained roles as husband, wife, father, mother, and child. Pastor Coomer and For the Love of the Family Ministry can be a powerful tool in reaching, teaching, and protecting one of today’s great missionary fields...the home.

Delighting In His Will,

Pastor Travis Burke
