Dear Dr. Coomer,

Greetings in Jesus' pure and powerful name!

It was an honor, joy and privilege to host the Hope Biblical Counseling Conference at Community Baptist Church September 8-14. A hearty thank you to you and Kim for being willing to come and for allowing the Lord to use you both to be a mighty blessing in all of our lives.

The Christ-centered, Spirit-filled preaching and teaching were refreshing and convicting. My heart was deeply challenged in every session as we were shown from Scripture how to have intimate fellowship with God and experience daily victory by pursuing spiritual and emotional maturity.

Over a dozen testimonies were shared this past Sunday evening by those families who were able to attend the Conference expressing their gratitude to God for the practical help and hope they received to make lasting spiritual changes. Praise God! My only regret of the week is that all the members of CBC could not be there for the impact.

The fellowship with you and Kim was encouraging. Thank you again for your dedicated and humble service to our Lord Jesus Christ in so effectively and passionately magnifying His holy Word among us.

In His Service,

Pastor David Smith  
Phil. 4:13
