Calvary Baptist Church
Taber, Alberta Canada
Pastor Brad Friesen

Dear Dr. & Mrs Coomer,

We are praising the Lord for allowing us to host the Hope Biblical Living Conference and praise the Lord for being faithful and merciful in bringing us the teaching that we needed at the right time.

I want to share how the Lord showed me some things in my life that needed to be shored up. We can very easily deceive ourselves into thinking that we do not have any bitterness or anger in our lives, and yet, when the Holy Spirit of God is allowed to search our hearts, it becomes very evident that we all have a dark side, and often there is sin lurking in that darkness. I was able to get some things right in my heart and praise the Lord for using the conference to help myself and our church family. There are many in our church family who have commented on decisions that they have made in their lives. We praise the Lord for this!

I have also met with our church staff, and everyone is excited to go through the "How to have a Real Relationship with God" booklet and study and practice these truths. We are then praying about integrating this into our Children's ministries. I truly believe that this is what our churches are missing today; A Real Relationship with God.

Thank you Dr. and Mrs. Coomer for being faithful and serving the Lord through this ministry. I am looking forward to the next opportunity to attend another Hope Biblical Living Conference.

In Christ,

Pastor Brad Friesen
