

# Triumph

**BAPTIST CHURCH**  
HIS TRIUMPH. MY TRIUMPH.

Phenomenal Conference! The Hope National Biblical Counseling Conference is the Best conference I've ever attended. Absolutely Amazing! All the attendees at a recent conference in Great Falls, Montana overwhelmingly agreed - nothing but appreciative and laudable remarks were addressed. Dr. Terry Coomer's focus of Biblical principles to counsel people in a variety of issues is on-the-spot and the attendees could not get enough of it. From several people that I spoke with, the desire to keep the conference going longer than anticipated could not be quenched. They simply didn't want it to end. Many said they couldn't wait to attend the next conference, which is to be held in Great Falls again next June.

Dr. Coomer's thorough explanation of principles designed to highlight problem areas of life, and the impending resolve kept the audience absorbed – quite simply, captivated. His simplistic way to find resolution to the issues that plague all people, plus giving them the ability to transform through having a personal, intimate, and passionate relationship with God proved invaluable. It is a life-changing event and many lives changed during the conference.

There are several courses out there, several conferences, but this one is without equal. There is so much to say about it, so much to applaud, yet there is only one way to find out about it and that's by attending one of these conferences – you'll be impressed of God's hand in this work. Call me at 406-799-6779 if you have any questions.

In Christ's Service,

Arthur Hernandez, Pastor  
(United States Air Force Veteran)
